PROFESSIONAL EXPERIENCE

BURKMAN & ASSOCIATES: ECONOMIC RESEARCH

Dallas, TX

Senior Associate

2009-2013

- Constructed and defended valuation models in a \$1.3 billion U.S. Civil Court settlement to determine the fair market value of ownership and beneficial interest in trust assets comprised of bonds, private companies, and public companies - factoring dividends, taxes, and capital gains
- Used relative value and discounted cash flow valuations to determine the fair market value of \$70 million private healthcare information technology company that provided co-pay management services to non-profit organizations
- Automated the modeling process in determining the present value of future healthcare needs in Life Care Plan valuations
- Composed and defended detailed reports to fairly assess and evaluate client damages in legal disputes
- Performed statistical and econometric analysis from large data sets in order to quantify valuation theses
